Col. A. L. Spears was here last week with Mr. W. R. Rankin, Jr., looking over the ground for the location of a creamery here which we hope to get.

The end of the peach season is not yet. F. M. Eakin brought us one Saturday weighing eight ounces and he has gathered some weighing ten and twelve ounces.

All you guess about difficulty in selling Stark Trees may be wrong. If you wish to know the truth, drop postal to Stark Nursery, Louisiana, Mo., or Rockport, Illinois. Name references. Cash pay to salesmen each week the year round. Outfit free—takes no money to try the work. Also want CLUB MAKERS—get their trees free.

Everybody and farmers in particular are asked to read Mr. Lankesler's ad. The fact that Mr. John T. Boyd by using 125 pounds of fertilizer to the acre secured a crop of wheat 16½ bushels to the acre on land that would not raise ragweed is an unanswerable argument for fertilizer.

"My boy came home from school one day with his hand badly lacerated and bleeding," says Mr. E. J. Schall, with Meyer Bros. Drug Co., St. Louis, Mo. "I dressed the wound and applied Chamberlain's Pain Balm freely. All pain ceased, and in a remarkably short time it healed without leaving a scar. For wounds, sprains, swellings and rheumatism I know of no medicine or prescription equal to it. I consider it a household necessity." The 25 and 50 cent sizes for sale by C. H. Davidson. Sept.

Tuesday last is claimed as the hottest game of the season. Mr. Wm. Owen reports thermometer was at 97 deg at his house.

Misses Matilda Gustafson, Alta Brown and Myrtle Rogers visited the school Friday. The visit was appreciated by both teachers and scholars.

The Bridgeport Bank has resumed business. The people didn't appreciate it when they had it, but to do without it, has taught them better. Patronize home industries.

Spence Layne showed us Saturday a photo of a spider making so-called letters in the strands of his web. It was quite a curious looking picture. The spider on close examination was plainly visible and the letters W, K, Y, M, B, V were plainly visible. A peculiarity of this spider is, when the web is disturbed he will immediately destroy the letters, but will weave them all over again when left alone. El Templeton photographed the little insect.

The Sequachee Debating Society met at the school house Friday evening, and held their regular meeting. The subject for discussion was resolved, "That the world is growing morally worse." After a heated discussion, it was decided in favor of the negative, Messrs. Edgar Pryor and Will Roberson, their opponents being Messrs. Spears and Sam Roberson. Three new members were admitted, and the subject for next Friday night is resolved, "That Cuba should become the property of the United States."

Owing to overcrowding and bad ventilation, the air of the schoolroom is often close and impure, and teachers and pupils frequently suffer from lung and throat troubles. To all such we would say, try Chamberlain's Cough Remedy. For coughs, colds, weak lungs and bronchial troubles no other remedy can compare with it. Says A. C. Reed, Superintendent of Schools, Prairie Depot, Ohio: "Having some knowledge of the efficacy of Chamberlain's Cough Remedy, I have no hesitation in recommending it to all who suffer from coughs, lung troubles, etc."—For sale by C. H. Davidson. Sept.

We are glad to say in spite of the intensely hot weather, our job press has been kept very busy, which is very encouraging as our business has doubled in a year and jobs are yet ahead. People appreciate promptness and honest work.

We gladly acknowledge receipt of St. Paul, Minn., papers, some from New Hampshire friends, some from New York friends, some from Boston friends, and last but not least the New York Journal, from a New Jersey friend, which in addition to its many features publishes the latest literary success, "Quo Vadis," a tale of the time of the Christ. It is much better than Ben Hur.

On Saturday night, Sept. 25, the pupils of the public school will give an entertainment and box supper at the school house to raise funds to fence in the building and part of the grounds. Now let everybody help and make the school house premises more private than it has been.

Referring to the Steakley case the Cleveland Journal says: "The Steakley case will be called this morning. The report has been circulated that the Steakley case has been continued by the consent of the lawyers. Attorney-General Fletcher, the leading lawyer for the state, says there is nothing in this report, and that he intends to announce ready the first thing this morning. Col. Joe Clift and Judge S. P. Gaut, who assisted him in the prosecution before, are both sick, and will be unable to take part in this trial. James H. Bible, who was chief counsel for the defense, is dead, and when the case is called this morning there will be quite a change a change in the personnel of the lawyers. The consensus of opinion is that Steakley will never be punished. It will be a good thing for the county when this case is finally settled, as it has already cost the county more than \$2,000."—Cleveland Journal.
